This Easter, we're bringing even more delight to your family...

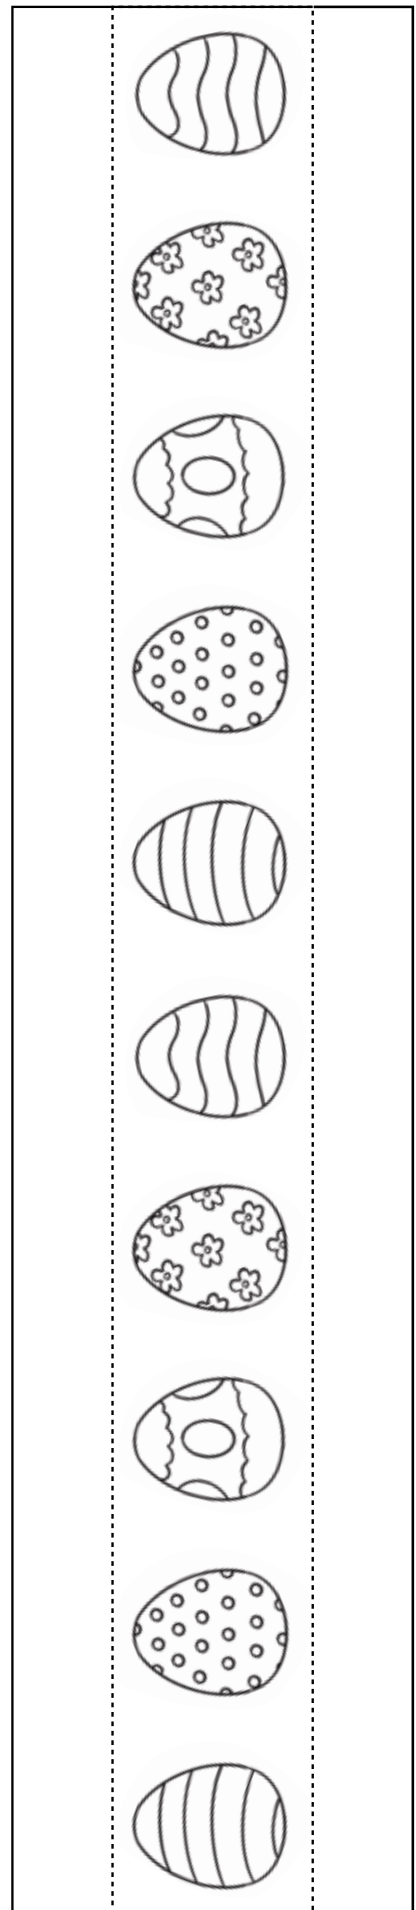

We have the perfect accessory for the yearly Easter Egg Hunt, or if the kids have been extra good, the Easter Bunny might pop a Hot Cross Bun in their basket!

Print out our Easter Gift Basket and have your little ones color it in to add their own personal touch. Once they're done: cut it out, stick the box together and add the strap.

Feeling extra creative? Add a ribbon or pipe cleaner strap instead - simply hole punch the sides of the box and add the handle of choice.
